

## REVERSO 361°

**Stylish** fan coil, as **customizable** as your environment.  
Performance and efficiency at the top of the category.

# HW: High wall

## Pure design.

- Three sizes 400-600-800
- 2 and 4 pipe installation
- 2-way and 3-way by-pass valves
- Light and full customization on requests based on quantity.
- Easy installation and maintenance
- Wi-Fi controls for easy management by smartphone
- Double flap for accurate control of the air flow
- Eight speed programs
- Adjustable thermal power
- Cooling function
- Heating function
- Dehumidification function
- Purification function
- Adjustable thermal power from 0.5 to 4 kW

TOP controls, with black touch screen display and Wi-Fi function for easy management from smartphone via App. The entire Reverso range is easy to manage thanks to the controls touch screen and convenient App.

It is possible to manage a network of machines both for residential and for hotel structures, offices and public buildings.

The App is available for both iOS and Android systems

# FS: Floor standing 12cm of thickness.

- Four sizes 200-400-600-800
- 2 and 4 pipe installation
- 2-way and 3-way by-pass valves
- Light and full customization based on quantity and customer request
- Easy installation and maintenance
- Wi-Fi controls for easy management by smartphone via convenient App
- Adjustable air flow with movable grilles in extruded aluminum
- Eight speed programs
- All units with modulating thermal power.
- Cooling function
- Heating function
- Dehumidification function
- Purification function
- Thermal power from 0.5 to 4, 7 kW

## Pure design.

- One size
- 2 pipe installation
- 2-way and 3-way by-pass valves
- Light and full customization based on quantity and customer request
- Easy installation and maintenance
- It can be installed behind the doors
- Wi-Fi controls for easy management by smartphone
- Adjustable air flow with movable grilles in extruded aluminum
- Eight speed programs
- Modulating thermal power through various fan speed settings
- Cooling function
- Heating function
- Dehumidification function
- Purification function
- Heating capacity up to 1.65 kW
